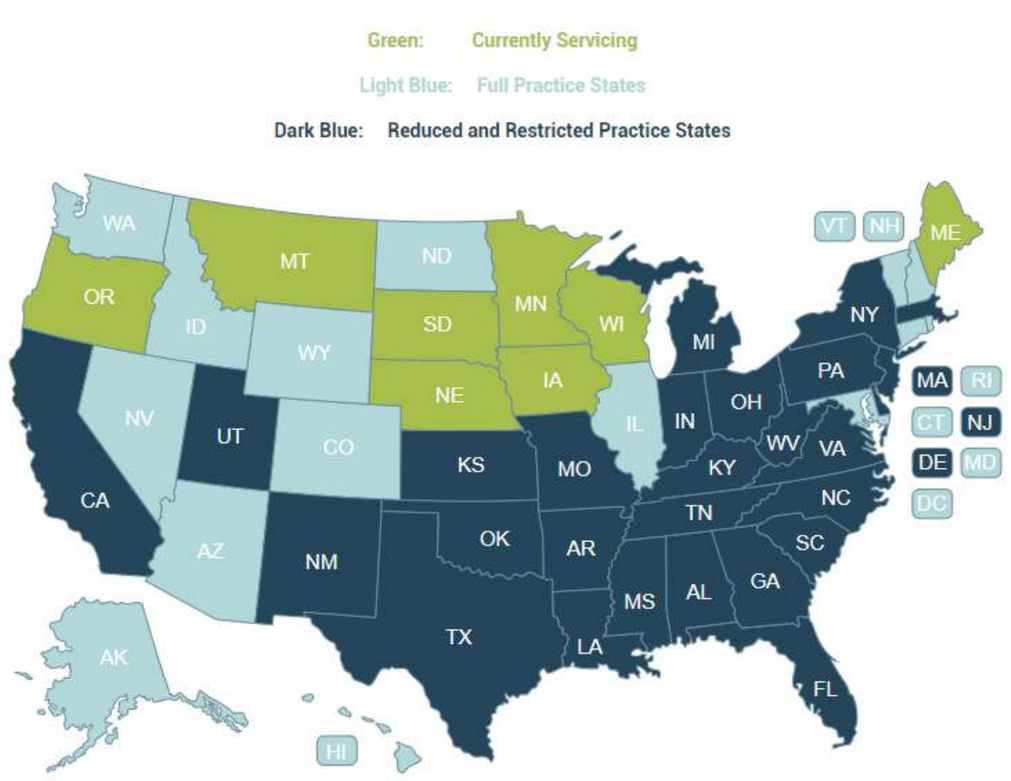
# GETTING STARTED WITH
# ENCOUNTER TELEHEALTH SOLUTIONS

## WHAT WE PROVIDE

Encounter Telehealth, LLC provides psychiatric and mental health care in rural and under-served areas across the country. Our board certified providers offer psychiatric evaluations, medication management, therapy, and staff training.

We partner with skilled nursing facilities, clinics, and hospitals to improve access to much-needed behavioral healthcare.



## HOW IT WORKS

**Providers should initially meet with all residents:**

- with dementia
- who are taking anti-depressants, anti-psychotics, and anti-anxiety medications.
- with any other diagnosed mental health illness.

**Care plans are faxed to the facility within 72 hours of the visit. Prescriptions are sent electronically to the pharmacy.**

**Reminder emails or calls make it easy to remember appointments.**

**Encounter assigns one provider to each facility to collaborate on all your residents' mental healthcare needs- evaluations, medication management, and therapy.**

**Our providers are board certified Psychiatric Mental Health Nurse Practitioners (PMHNP-BC) and Licensed Independent Clinical Social Workers (LCSW)**

**We are approved to provide telehealth services through Medicare, Medicaid, and other private insurances. We also offer self-pay options.**

**Telehealth can improve your residents' quality of life. Staff stress is reduced due to improvements in behavioral health.**

---

# THE DETAILS

**Encounter supplies the iPad and software at no additional charge to your facility.**

**Most facilities' EMR systems allow our staff remote, read-only access to records, reducing the paperwork burden for the facility.**

**Our service agreement includes a no-penalty exit with 30 days' written notice.**

---

## WE CAN HELP

**Encounter partners with over 100 facilities across the country. Our most successful partners share in the belief that quality mental health care is a vital part of physical health and quality of life. Contact us today to get started!**

**If your facility is 25 miles outside of any Metropolitan Statistical Area (MSA) or located in a rural tract, Medicare covers our services.**
